

Engineers at MTU AENA turn ideas into practical solutions which drive our business growth by utilizing rock-solid engineering practices, coupled with a desire to innovate. We work in both the aero and industrial gas turbine industries delivering outstanding engineering services which exceed our customer's expectations, leverage current technology and optimize our employee assets.

MTU AENA engineers work with each customer's unique sets of specifications and requirements. It's this customer-based focus which is integral to our success, as we continuously improve and innovate ways to deliver outstanding customer satisfaction. MTU AENA provides the training and career development goals which allow you to focus your career on a technical or management track by leveraging your education, skills and experience.

MTU Aero Engines North America, Inc.

Project Engineer I

MTU Aero Engines North America (MTU AENA), is a growing U.S. company located in Rocky Hill, CT, and is a subsidiary of MTU Aero Engines AG, headquartered in Munich, Germany. We are looking for a Project Engineer to join our dynamic team. Bringing 2-5 years of experience, our Project Engineers will join teams that work with our customer's unique set of specifications and requirements; it is this customer-based focus which is integral to our success.

The successful candidate will join the Project team at MTU AENA. The Project Engineering team is responsible for helping customers maximize resources by providing support throughout the project's lifecycle. The Project Engineering department helps bridge the gap between the technical and managerial sides of a project through efficient scheduling, planning and coordinating.

To be a successful candidate, a Project Engineer I should possess the following:

- Good communication skills to provide timely, appropriate and useful information to others
- Commitment to delivering on objectives and meeting target
- Excellent organizational skills
- Ability to make sound decisions and handle consequences
- Willingness to take initiative and assume responsibility
- Willingness to learn Engineering Change process, both class 1 and class 2
- Knowledge of Lotus Notes, SAP and TeamCenter is a plus

Requirements for the position include:

- Bachelor's Degree or Master's Degree in relevant field
- 2-5 years of related engineering experience
- Understanding of concepts, methods and procedures within discipline
- Eligible to work in the United States without Sponsorship
- Occasional travel may be required

MTU AENA takes pride in offering a competitive total compensation package and adheres to a philosophy of work-life balance. We are a team of hard-working, action-oriented individuals committed to the highest work standards. Our employees are empowered to excel within a flexible work environment that fosters career diversity, open communication, approachable management and a team-focused attitude. MTU AENA provides training and career development opportunities that position our employees for growth, allowing them to realize his or her full potential. Fueled by hard work and initiative, MTU AENA employees drive their own success in an environment that recognizes innovation and celebrates achievements.

If this sounds like your next challenge and you would like to join the team, apply by emailing your resume to careers@mtuusa.com

MTU AENA is an Equal Opportunity Employer. All applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability, protected veteran status, sexual orientation, gender identity, or any other protected class.
